EAGLEBOND

www.EagleBondFastener.com

AB500 - Structural Concrete Anchor Epoxy

AnchorBond500 concrete anchoring epoxy is mainly use for post installation of anchor bolt that includes epoxy agent with adhesive to bond or secure any load to a concrete using rebar, bolts, rods and dowell with a very high and ultimate strength of bonding. Concrete epoxy anchoring solution is best for heavy load, vibration and harsh environment condition

Chemical Bolt - Capsule Type Resin

Eagle Bond Chemical Anchor Bolt Resin Type is a spin type anchoring system that is very easy and simple to use, No special tools are needed. Chemical Capsule anchor bolt fixing is a very fast curing adhesive and has an optimal performance when consistency is required.
